# 3 Solid Reasons to Own a WorkPro™ Cab System...

1) Quality

2) Comfort

3) Value

All WorkPro™ hard cabs come standard with features like windshield wipers, hard doors, soft rear panel, a vented front windshield and quick-detach doors. Cabs can also be fitted with optional equipment like a BTU heater, rear and side view-mirrors, stereo mount, dome light, switch panel and overhead console.

## WorkPro Cab System Sx3100 Series

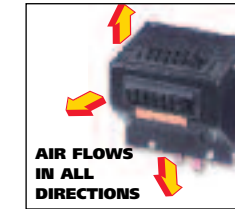

Molded Tempered Safety Glass Windshields offer open position for ventilation or seal and lock tight for colder weather

## Genuine Curtis Accessories

### TUCK-AWAY HEATER

This powerful forced hot water packs 20,000 BTU and features a built-in high-low speed fan. An inline shutoff valve quickly converts this unit to a blower in warmer weather. Heater fit is customized per Curtis cab design.

AIR FLOWS IN ALL DIRECTIONS

### OVERHEAD CONSOLE

- CD Player, AM/FM Radio
- Overhead Dome Light
- Louvered Blower system for air circulation
- Six Switch Control Panel w/Fuse Block
- Dimensions: 33" L. x 22" D. x 4.5" H.
- Automotive Style and Design

### HALOGEN WORK LIGHTS

Throw some light on the situation. This set of two lights feature a molded weatherproof housing with a 10" lead wire through back of housing. Ideal for roof or side mount. Steel mounting brackets, wiring kit, switch and all hardware are standard features.

### LIGHT SET (2 HEADLIGHTS AND 2 TAILLIGHTS)

### DEFROSTER-COOLING FAN

A compact rugged dash or roof mount fan distributes and directs air onto the windshield, operating as a defrosting unit, when used with an optional heater kit. Its convenient self-locking swivel allows 360° rotation. This unit is also excellent for summer cooling.

### STROBE LIGHTS

360° low profile strobe light featuring Lexan® lens. Rubber base protects circuitry and provides a weathertight seal. 3.0 Joule strobe with 300 candles and 70-80 double flashes per minute. Includes Wiring Kit and all hardware. Also available, 12 V with magnetic base and 12 foot coiled cord and plug.
